PRIVATE WORKS

Council may by agreement with the owner or occupier of any private land carry out on the land any kind of work that may lawfully be carried out on that land. These works are called Private Works, Private Works may also be works undertaken on public land on behalf of an external organisation. Council has not set a standard charge to carry out these works, so each one will be priced individually.

When calculating the cost of carrying out these works Council will cover all direct costs and overheads and where appropriate add a profit element. The profit element of pricing will vary depending on the relevant organisations, taking into account considerations of service to the community and general market competitiveness.

It is strongly recommended that a quotation/estimate be obtained from Council prior to requesting or ordering Private Works undertakings. All Private Works must be authorised by the client and the client must agree to pay the estimated cost prior to the work commencing.
