

**Incubator Artist Residency  
The Imaginarium, Shellharbour Village**

## **What is the Incubator Artist Residency?**

Are you an emerging or early-career artist? Are you looking for dedicated space and time to develop new work, test and explore ideas or develop your practice?

Incubator is a new short-term residency program based in The Imaginarium, a creative space in Shellharbour Village. The residency is open to artists and creative practitioners working in any form.

Residencies will run for four weeks, to be undertaken from 10 October – 5 November 2022 or 14 January – 11 February 2023. Depending on the residency outcome, there may also be the opportunity to present work during a Council-run festival.

Incubator Artists will receive:

- Exclusive access to The Imaginarium space for one month (accessible seven days per week);
- Stipend of \$5000 toward artist fees and/or material costs – to be paid in three instalments;
- Opportunity to present your work as part of the Shellharbour Rocks arts festival programming (October, Feb or March). This could be a temporary installation, exhibition, performance, reading or similar and would attract an additional presentation fee;
- Opportunity to present your work as part of the Artist of the Month program at Shellharbour Civic Centre.

Artists undertaking residency will be required to offer some form of community engagement or public presentation during the residency period. This may include a workshop, artist talk, exhibition/showing, performance, open studio, or similar.
