Disclaimer

The information provided to you will be provided without warranty or guarantee of its accuracy. The accuracy and level of detail provided is limited to the flood information available to Council at the time of submission of this application. The information is provided in good faith, and should the need arise for the applicant to rely on the information wholly or in part, a suitably qualified Engineer should be engaged to interpret the information provided.

Notes

Please contact Council on 4221 6111 prior to submitting this form, to ensure availability of information for the requested property. Once payment is received, the estimated time for completion of the inquiry is 10 working days. All Levels provided are based on Australian Height Datum (AHD).
When considering future development, it should be noted that Council is required to manage all flood prone land in accordance with the NSW Governments Floodprone Land Policy. The procedures for the management of flood prone land are detailed in the NSW Governments Floodplain Development Manual 2005, and in accordance with Councils adopted Development Control Plan (DCP). For more detailed information on Council's development controls, an application should be made for a Section 149(2) or 149(2)&(5) Certificate.
