- (b) Within 10 Business Days of receiving the relevant Residential Plan, Council must:
 - (i) determine the relevant Anticipated Dwelling Yield with respect to that Residential Plan; or
 - (ii) provide notice to the Developer of the further information it requires to make that determination.
- (c) If the Council does not make a determination in accordance with paragraph (b)(i) or issue a notice under paragraph (b)(ii), the Anticipated Dwelling Yield will be the number of

Dwellings indicated in the information provided by the Developer referred to in paragraph (a).

- (d) The Developer must respond to any request for information in a notice provide by Council under paragraph (b) as soon as practicable.
- (e) If the Council does not make a determination within 10 Business Days of receiving the information provided under paragraph (d), the Anticipated Dwelling Yield will be the number of Dwellings indicated in the information provided by the Developer referred to in paragraph (a).

2 NOT USED

3 Increase in Contribution Amount

- (a) Any amount:
 - (i) specified in clause 1.1 and 1.2 of Schedule 4;
 - (ii) specified as a Contribution per Dwelling Amount in clause 4 of Schedule 4;
 - (iii) specified as a Notional Value for an item of Contribution Works in the Development Contribution Table
 - (iv) specified in Clause 8.5(a)(ii) of this Schedule 4,

must be increased annually on the date of publication of the June quarterly CPI by the Commonwealth Statistician in accordance with the following formula:

$$A = B \times \frac{C}{D}$$

Where:

A is the indexed amount;

B is the monetary amount specified in this Deed and referred to above;

C is the most recent June quarter CPI published as at the date of calculation; and

D is the most recent CPI published at the date of this Deed.

- (b) For the avoidance of doubt, clause 3(a) of this Schedule 4 does not apply to any Notional Value assigned to an item of Contribution Land listed in the Development Contribution Table.
- (c) Any amount specified as the Notional Value for an item of Contribution Land in the Development Contribution Table must be increased as follows:
 - (i) At five year intervals from the date of this Deed the Developer must appoint an independent registered valuer who has the required experience and is acceptable to the Council (acting reasonably) to undertake a determination of the market value of all items of Contribution Land not then dedicated to the Council.
 - (ii) Any such valuation must be provided to the Council within one month of the date that the relevant five year interval ends.
 - (iii) The Developer must ensure that any determination made by the valuer for the purposes of clause 3(c)(i) of this Schedule 4 is expressed to be for the benefit of both the Council and the Developer.

- (iv) The market value determined by the valuer for an item of Contribution Land will be taken to be the Notional Value of that Contribution Land.

4 Payment of Contribution Amounts identified in clause 1.2 of Schedule 4

- (a) The Developer must pay the Contribution Amounts identified in clause 1.2 of this Schedule 4 in accordance with this clause 4 of Schedule 4.
- (b) For the purpose of this clause 4 of Schedule 4 a **Residential Plan** is a plan of subdivision with respect to the Development which when registered would create one or more Allotments.
- (c) For the purpose of this clause 4 of Schedule 4, a **CUDP Dwelling** means a room, or suite of rooms, occupied or used, or so constructed or adapted, as to be capable of being occupied or used, as a separate domicile to be erected within the CUDP and is not limited to a dwelling that is capable of being subject to a separate title and on-sold separately from other Allotments within the CUDP.
- (d) Prior to the issue of a Subdivision Certificate in respect of a Residential Plan, the Developer must pay a Contribution Amount being the relevant cumulative "Contributions per CUDP Dwelling" for the Anticipated Dwelling Yield for the relevant Residential Plan as determined in accordance with the table set out below:

Number of CUDP Dwellings	Contribution per Dwelling
Where the relevant Dwelling is within the first 1,000 CUDP Dwellings (0-1,000 CUDP Dwellings)	\$4,427.91
Where the relevant Dwelling is between the 1,001 st CUDP Dwelling and the 2,000 th CUDP Dwelling (1,001 – 2,000 CUDP Dwellings)	\$4,963.00
Where the relevant Dwelling is between the 2,001 st CUDP Dwelling and the 3,000 th CUDP Dwelling (2,001 – 3,000 CUDP Dwellings)	\$5,498.09
Where the relevant Dwelling is between the 3,001 st CUDP Dwelling and the 4,000 th CUDP Dwelling (3,001 – 4,000 CUDP Dwellings)	\$6,033.19
Where the relevant Dwelling is the 4,001 st CUDP Dwelling or greater	\$6,434.51

- (e) If the Developer and Council agree (such agreement may not be unreasonably withheld or delayed) that there are Allotments within a Residential Plan which the Developer does not intend to transfer to an end user with respect to which it is unlikely that a Construction Certificate for those Dwellings identified will be issued within two years following the issue of a Subdivision Certificate (**Deferred Allotment**):
 - (i) any such Deferred Allotment is not included in the Contribution Amount payable under clause 4 of Schedule 4 in relation to the relevant Residential Plan; and
 - (ii) the Developer will be required to pay a Contribution Amount being an amount calculated in accordance with clause 4 of this Schedule 4 for all Deferred Allotments permitted to be constructed in accordance with any Construction

Certificate lodged with respect to that Deferred Allotment as determined in accordance with the table at clause 4(d).

- (f) The Developer must pay any Contribution Amount payable under clause 4(e)(ii) of this Schedule 4 prior to the issue of relevant Construction Certificate referred to in clause 4(e).
- (g) On the occurrence of each of the following events:
 - (i) every six months following the issue of the first subdivision certificate in relation to the Land; and
 - (ii) prior to the issue of a Subdivision Certificate that will create the final Allotment within the Development; and
 - (iii) prior to the issue of a Construction Certificate for the Final Deferred Allotment, the following must occur:
 - (iv) the Developer must provide the Council with a report stating (to the best of the Developer's knowledge) the number of Dwellings on the Land that have been completed and occupied at the time of the relevant report; and
 - (v) if the number of Dwellings on the Land that have been completed and occupied at the relevant time exceeds the number of Dwellings for which the Developer has paid a Contribution Amount, then the Developer must pay Council in accordance with the clause 4(d) of this Schedule 4 the applicable cumulative "Contribution per Dwelling" amount for the number of Dwellings required to ensure that Council has received a Contribution Amount in accordance with clause 4(d) of this Schedule 4 for all Dwellings with respect to which the Developer is required to pay such Contribution Amount in accordance with this Deed.
- (h) For the avoidance of doubt, compliance with this clause 4 of this Schedule 4 will satisfy the Developer's obligations to make all Development Contributions identified in clause 1.2 of this Schedule 4.
- (i) Should any planning agreement between Council and another developer or landowner which relates to the development of land within the CUDP be amended to vary the amount of contributions payable by that developer or landowner, then, at the request of the Developer, Council must meet with the Developer and negotiate a variation to the Contribution Amount payable under clause 4 of this Schedule 4.

5 Use of Contribution Amounts by the Council

- (a) In respect of any Contribution Amounts that the Developer is required to pay in relation to the Albion Park Library and the Albion Park Bypass, the Council must only use or expend any Contribution Amounts for their identified purpose.
- (b) Subject to Council's compliance with clause 5(a) of this Schedule 4, any such Contribution Amount paid by the Developer to the Council may be pooled by the Council with any other Contribution Amounts paid by the Developer pursuant to this Deed and used or expended for any purpose within the Shellharbour Local Government Area.

6 Contributions Alternatives

6.1 Better Outcomes

Without limiting clauses 6.2 or 6.3 of this Schedule 4, at the request of either the Council or the Developer and provided that the Council and the Developer agree, the Developer may satisfy any of its obligations to provide Contribution Works listed in this Schedule 4 by providing contributions

works of a different nature or at a different time to that specified in the Development Contribution Table, but which serve the same or similar purpose as those specified in the Development Contribution Table.

6.2 Alternatives to Contribution Works

- (a) At the request of either the Council or the Developer and provided that the Council and the Developer agree, the Developer may satisfy any of its obligations to provide Contribution Works by paying the Notional Value assigned to the respective Contribution Works as a Contribution Amount.
- (b) The Council agrees that if the Developer performs its obligations in this Deed by paying a Contribution Amount in lieu of providing Contribution Works, the Council must hold the Contribution Amount paid by the Developer for the purpose of the relevant Contribution Works and apply the money towards that purpose within a reasonable time of receipt of the relevant monetary contribution.
- (c) Where it is impractical (in reasonable circumstances) for the Council to comply with clause 6.2(b) of this Schedule 4 and the Developer (acting reasonably) gives its written consent to the Council not complying with clause 6.2(b) of this Schedule 4, the Council must spend the Contribution Amount on services, infrastructure or facilities to be delivered, in order of precedence:
 - (i) on the Land;
 - (ii) within the CUDP; and/or
 - (iii) at a location outside the boundary of the Land but within the Council's Local Government Area in the manner consented to in writing by the Developer (acting reasonably),
within a reasonable time of receipt of the relevant monetary contribution.
- (d) The Developer must give, or procure, reasonable access to the Council to that part of the Land upon which works are to be carried out by the Council for the purposes of carrying out the works contemplated by this clause 6.2 of this Schedule 4.
- (e) For the avoidance of doubt, if the Developer, pursuant to this clause 6.2 of this Schedule 4, pays the Notional Value of an item of Contribution Works in lieu of providing the Contribution Works, the Developer is not also required to pay the Notional Value assigned to any Contribution Land that must be provided to the Council in connection with the Contribution Works.

6.3 Alternatives to Payment of Contribution Amounts

- (a) At the request of either the Council or the Developer and provided that the Council and the Developer agree, the Developer may satisfy any of its obligations to pay a Contribution Amount by providing the works or services associated with the Contribution Amount as Contribution Works (or contribution works of a different nature to those specified in the Development Contribution Table, but which serve the same or similar purpose as those specified in the Development Contribution Table).
- (b) Any agreement contemplated by clause 6.3(a) of this Schedule 4 must include agreement as to the time in which the Developer is to complete the relevant item of Contribution Works.
- (c) The Developer must carry out the Contribution Works contemplated by clause 6.3(a) of this Schedule 4 in accordance with Schedule 6.

- (d) The Council must give, or procure, access to the Developer to all land upon which works are to be carried out or services are to be provided by the Developer for the purposes of the Developer providing the Contribution Works contemplated by this clause 6.3 of this Schedule 4.

6.4 Amendment to Deed

If in the opinion of the Council or the Developer (both acting reasonably) any agreement reached under clause 7 of this Schedule 4 constitutes a variation or amendment to this Deed to which section 7.5 of the Act applies, then the Parties must comply with section 7.5 of the Act in relation to that variation or amendment.

7 Location of Contribution Works and Contribution Land

The location of all items of Contribution Works or Contribution Land must be generally in accordance with **Schedule 9**.

8 Dedication of District Park D5

8.1 Acknowledgement

The Developer acknowledges that:

- (a) prior to the formation of this Deed, Council had entered into a planning agreement with Lendlease Communities (Australia) Limited (ABN 88 000 966 085) (**Lendlease**) with respect to the CUDP (**Lendlease VPA**);
- (b) the Lendlease VPA obliged Lendlease to deliver District Park D5 to Council, along with other District Parks within the CUDP;
- (c) one (1) of the District Parks (other than District Park D5) within the CUDP may not be delivered by Lendlease under the Lendlease VPA and instead may be delivered by a third party that owns the land on which that District Park is required to be located (**Third Party Developer**); and
- (d) the Lendlease VPA required those District Parks to be delivered and dedicated to Council in an orderly manner at different stages of the development of the CUDP, but not in a specific order (i.e. Lendlease had a discretion as to which District Parks were delivered at which stages of the development of the CUDP).

8.2 Orderly development of the District Park

The Developer further acknowledges and agrees that Council requires the District Parks across the CUDP to be delivered in an orderly manner, generally in accordance with the timing specified in the Lendlease VPA.

8.3 Anticipated Timing of the dedication of District Park D5

- (a) For the purpose of this clause 8, the **Anticipated Timing** is the timing set out below which is intended to reflect the timing that District Park D5 would have been dedicated under the Lendlease VPA:
 - (i) In circumstances where a Subdivision Certificate has been issued for a plan within the CUDP which, when registered, would create the Allotment on which the 1,000th CUDP Dwelling is proposed to be constructed the Anticipated Timing is twelve (12) months and one (1) day following the issue of a Subdivision Certificate in respect of the Allotment on which the 1,000th CUDP Dwelling is proposed to be constructed.

- (ii) In circumstances where a Subdivision Certificate has been issued for a plan within the CUDP which, when registered, would create the Allotment on which the 2,000th CUDP Dwelling is proposed to be constructed the Anticipated Timing is twelve (12) months and one (1) day following the issue of a Subdivision Certificate in respect of the Allotment on which the 2,000th CUDP Dwelling is proposed to be constructed.
- (iii) In circumstances where a Subdivision Certificate has been issued for a plan within the CUDP which, when registered, would create the Allotment on which the 3,750th CUDP Dwelling is proposed to be constructed the Anticipated Timing is twelve (12) months and one (1) day following the issue of a Subdivision Certificate in respect of the Allotment on which the 3,750th CUDP Dwelling is proposed to be constructed.

8.4 Time by which the Developer must dedicate District Park D5 to Council

- (a) For the purpose of this document, the time by which the Developer must dedicate District Park D5 to Council is as determined in accordance with this clause 8.4.
- (b) If a Subdivision Certificate is issued to the Developer as part of its Development for a plan within the CUDP which, when registered, would create the Allotment on which the 2,000th CUDP Dwelling is proposed to be constructed, then the Developer must dedicate District Park D5 to Council no later than twelve (12) months and one (1) day following the issue of a Subdivision Certificate in respect of the Allotment on which the 2,000th CUDP Dwelling is proposed to be constructed.
- (c) Unless the Developer has delivered District Park D5 in accordance with clause 8.4(b), if a Subdivision Certificate is issued to the Developer as part of its Development for a plan within the CUDP which, when registered, would create the Allotment on which the 3,750th CUDP Dwelling is proposed to be constructed, then the Developer must dedicate District Park D5 to Council no later than twelve (12) months and one (1) day following the issue of a Subdivision Certificate in respect of the Allotment on which the 3,750th CUDP Dwelling is proposed to be constructed.
- (d) If a Subdivision Certificate is issued to someone other than the Developer for a plan within the CUDP which, when registered, would create the Allotment on which the 2,000th CUDP Dwelling is proposed to be constructed, then Council will notify the Developer when that Subdivision Certificate is issued (**2,000th Dwelling Notification**).
- (e) If a Subdivision Certificate is issued to someone other than the Developer for a plan within the CUDP which, when registered, would create the Allotment on which the 3,750th CUDP Dwelling is proposed to be constructed, then Council will notify the Developer when that Subdivision Certificate is issued (**3,750th Dwelling Notification**).
- (f) If, when the 2,000th Dwelling Notification is issued by Council to the Developer:
 - (i) a Construction Certificate has been issued with respect to the Development, but a Construction Certificate has not been issued to the Third Party Developer with respect to its development within the CUDP (**Third Party Development**); or
 - (ii) a Construction Certificate has been issued with respect to the Development and was issued before any Construction Certificate was issued with respect to the Third Party Development, then

the Developer must dedicate District Park D5 to Council no later than twelve (12) months and one (1) day following the issue of the 2,000th Dwelling Notification.

- (g) If, when the 2,000th Dwelling Notification is issued by Council to the Developer no Construction Certificate had been issued with respect to either the Development or the Third Party Development and a Construction Certificate is subsequently issued with respect to the Development before any Construction Certificate is issued with respect to the Third Party Development, then the Developer must dedicate District Park D5 to Council no later than the last to occur of:
 - (i) twelve (12) months and one (1) day following the issue of the 2,000th Dwelling Notification; and
 - (ii) twelve (12) months and one (1) day following the issue to the Developer of a Subdivision Certificate for the Development to which the relevant Construction Certificate relates.

- (h) If, when the 2,000th Dwelling Notification is issued by Council to the Developer no Construction Certificate had been issued with respect to either the Development or the Third Party Development and a Construction Certificate is issued with respect to the Development after any Construction Certificate is issued with respect to the Third Party Development, then the Developer must dedicate District Park D5 to Council no later than the last to occur of:
 - (i) twelve (12) months and one (1) day following the issue of the 3,750th Dwelling Notification; and
 - (ii) twelve (12) months and one (1) day following the issue to the Developer of a Subdivision Certificate for the Development to which the relevant Construction Certificate relates.

8.5 If the Developer dedicates District Park D5 prior to the Anticipated Timing

- (a) The Developer may elect to dedicate District Park (D5) prior to the Anticipated Timing subject to the Developer either (at its election):
 - (i) undertaking the maintenance of District Park (D5) at its cost from the time that it is dedicated to Council until the Anticipated Timing; or
 - (ii) paying to Council a monetary contribution in an amount of \$46,789 p.a. for the purpose of allowing Council to meet the cost of maintaining District Park (D5) from the time that it is dedicated to Council until the Anticipated Timing.

9 Dedication of Roads

- (a) The Developer must dedicate the public roads (including road reserves), as shown in purple on the Road Dedication Plan, to Council at no cost.
- (b) The dedication of the relevant public road (or part thereof) is to occur on the issue of the Subdivision Certificate which creates a separate lot for that public road (or part thereof).
- (c) With respect to the dedication of the bridge over the Macquarie Rivulet, the parties agree that:
 - (i) such dedication only relates to the bridge structure and abutments, as shown in the Macquarie Rivulet Bridge Plan; and
 - (ii) does not include the dedication of any land under the bridge structure, unless that land is directly connected to the bridge structure.
