OAK FLATS PUBLIC SCHOOL

Oak Flats Public School is now partly powered by sunshine with 144 new solar panels and the school is thrilled to be using this clean renewable energy to power their facilities. The school received funding from the Purryburry Trust and the NSW Department of Education to help finance the system.

Each year the system will:

Save 24% on facility's energy bill

Produce enough power equal to running **208 computers** or **7 homes**

Reduce carbon emissions by **37 tonnes**

Equivalent to taking **13 cars** off the road

Solar snapshot

Location:	Oak Flats
Size of system:	29 kW
Estimated bill savings:	$4,843/yr
Estimated energy savings:	41,514 kWh
Simple payback:	<2 years (after funding)

What is Solar my School?

Solar my School is a free Council program to help schools in NSW navigate a path to solar success.

"Solar my School made the whole process of going solar so easy. Solar means lower bills, reduced carbon footprint and clean energy powering our school's learning facilities. We are proud to achieve sustainable energy in our school that aligns with an environmental focus.."

Alice Wigny, Relieving Principal
